## USE THIS QUICK REFERENCE TO MAKE YOUR CASE

Here's an example conversation starter for you to begin with your supervisor using the FMP credential:

*"After doing some research, I found that facility professionals who are certified with an FMP credential actually improve productivity and increase the bottom line of their companies. Given that, I think it'd really help us better achieve our company goals if I get the FMP credential and learn FM best practices. I could then teach the rest of our FM staff what I learn and increase the productivity and effectiveness of the entire team."*

70% of organizations rate IFMA credentialed employees as having statistically significantly higher performance

12% increase in employee performance for each \$2,000 spent on IFMA Credentials

The average IFMA credential results in more than a 40% increase in employee performance
